

**The new 800 series floorstands are specially designed to match slim line flat panels.**

The 800 series free standing display is designed to cover today's questions. It's a slim line well thought of floor stand offering lots of options and solutions.

The column shape is nicely balanced in size for current slim-line fat panels.

The two hidden cable channels in the column are reachable by the two automatic closing doors. The 800 series column is available in a fixed version and Quick-Release tool-less rental version. By combining the floor stand with an Audipack flightcase all components are neatly organized in the flightcase together with the screen.
