Floor monitoring

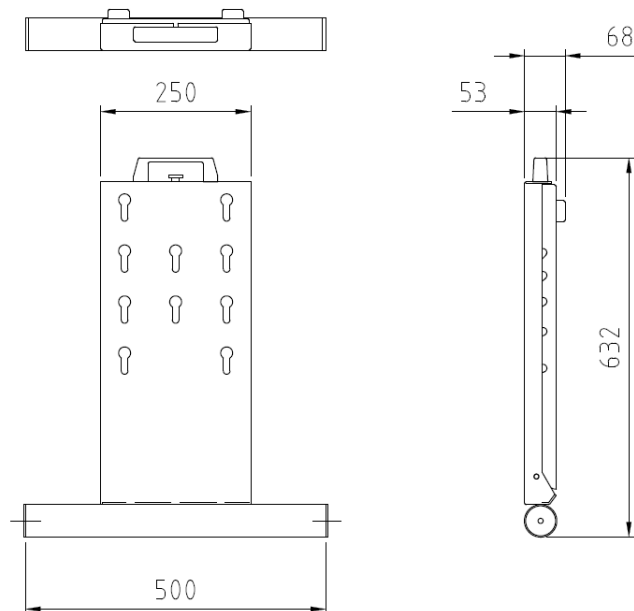

In addition to the Audipack floor stand program Audipack also offers a foldable floor stand for screens up to 65".

The foldable floor stand is very compact in folded situation and can be stored easily in existing flightcases together with a screen.

At the push of a button the stand unfolds and can be set on the floor. Different angle settings in the floor part enable to set up the screen in various presentation angles from 35 to 70 degrees.

By simply installing the screen with the L&S5 mounting interface (using an Audipack monitor bracket) the screen can be set in 2 different heights, and ofcourse without using any tool.
